*The following letter is from Catholic Education Western Australia, outlining the consistent practices and advice to parents within all CEWA schools, as we commence Term Two 2020.*

Dear Parents and Caregivers,

Welcome to Term Two. As you are aware, the last six weeks have been an incredibly challenging time for everyone. The COVID-19 virus has impacted on every aspect of our daily lives. Education has been no exception. I do want to thank you for your ongoing support and commitment to St Anne's School.

We are looking forward to school recommencing on Wednesday 29 April. We are especially excited about welcoming back our K - 6 students for direct face-to-face learning at school.

I would like to remind you that St Anne's School is open for your child to attend if you so choose and we welcome their attendance. If your child will be attending school, I do ask that you confirm this with the school by 11.00am Tuesday 28 April to assist us with classroom and teaching planning. The recent advice from the WA Chief Health Officer, Dr Andrew Robertson, confirms that the risk of transmission of the virus in the school setting is low. Of course, you need to make an informed decision about whether you wish to send your child to school at this time.

Additionally, please understand that our school is operating differently at the moment due to the physical distancing requirements. Normal activities, especially those that require close physical contact, may not take place or be significantly modified.

To ensure that we respect whatever decision you make about your child's attendance, and to enable equity for all students, our teachers will be delivering the curriculum by "one mode" of instruction. This means that whether your child is physically attending school or working from home they will be provided with the same teaching and learning opportunities.

Additionally, please be assured that whether your child is working at school or home, they will be provided with help, although the manner that this assistance is provided will vary. If you do have concerns or questions about how your child will be supported, I would ask that, in the first instance, you contact your child's teacher. If there are continuing concerns, please contact me.

There has recently been public and media attention regarding fees in Catholic schools and a suggestion that parents should receive discounts. I would respectfully like to make the following points:

1. Parents have been guaranteed that their child's place at St Anne's School is guaranteed regardless of a parent's financial situation. I have already provided you with information regarding fee relief and information regarding the Health Care Card discount scheme. I encourage you to contact me directly if you have any concerns regarding school fees. Any such arrangements are, of course, confidential.

Phone: 08 9782 3300

Email: [admin@stannes.wa.edu.au](mailto:admin@stannes.wa.edu.au)

2. All members of our wonderful staff have continued to work very hard to support your child's education. You will understand that they have continued to be paid for their work. We rely on your school fees to assist us in meeting this significant ongoing financial obligation.
3. Please be assured that our annual fees and charges are set at the lowest possible level to balance our yearly budget. All Catholic schools are not-for-profit, which means that if there are any surplus funds left at the end of any year, they are automatically used to offset future fee increases and/or fund future improvements for our students, including equipment and facilities.

We are currently planning for this arrangement to be in place for the first four weeks of the term with a review taking place mid-May. However, as you know this situation is fluid and we will continue to respond to health and government advice.

Our staff are missing the vibrancy and excitement of having all our students at school and we are looking forward to the time, hopefully in the not too distant future, when we will see a full return to our physical school site by all our students.

In the meantime, we will continue to offer our students the very best teaching and learning opportunities possible, whether they are at school or home.

With my best wishes,

Darrin Croft  
Principal

28<sup>th</sup> April 2020
